

# BOY ZUEIRA

WUEBRADA  
BRAZA, 2025

BoyZueira is more than a game — it's a digital movement of ascension.

A free-to-play mobile multiplayer inspired by Brazilian communities, fueled by the energy of funk, and driven by the pursuit of status, freedom, and achievement.

Each tap is a step toward success: players gain followers, fame, and real rewards that can be converted into \$BOYZ tokens, the official currency of the ecosystem.

In BoyZueira, engagement becomes opportunity and income.

More than entertainment, it's a social and symbolic platform where culture, strategy, and persistence create tangible results.

Every mission, collab, and achievement unlocks new levels of visibility and financial growth — while the player builds their own path to success.

**ENOUGH OF  
THIS PROJECT  
IT'S A SCAM!**

**ENOUGH WITH THE SCAMS.  
WE'RE CREATING A NEW  
STANDARD.**

We're tired of seeing Brazilian projects become synonyms for deception: scams, empty promises, shady schemes. This isn't more of the same. Boyzueira was born to break that cycle.

We are an anti-scam project, the real turning point. Transparency, integrity, and innovation, carrying the DNA of the streets, but built with the structure of giants.

Our ecosystem will be audited by two of the world's leading crypto audit firms, yes, TWO, because credibility is built with proof, not talk.

# FACELESS MASK

The faceless mask is a central element of Boyzueira. Its lack of features represents the idea that it doesn't matter who you are what matters is being in the same frequency, with the same purpose.

Each mask is customizable, reinforcing the spirit of unity through diversity. It will be used in street actions, activations, and immersive experiences, connecting everyone who is part of this cause.

# A NEW ERA BEGINS!

In Boyzueira, the mask is more than a symbol. It represents freedom, purpose, and equality.

It unites creators, dreamers, and rebels under a single identity that transcends the ego.

Behind every mask lies a story, and behind every story, a creator shaping the digital future.

We wear the same masks, yet each carries a unique appearance, reflecting our diversity.

This is the essence of Boyzueira: different on the outside, equal within, united by the same cause.

Boyzueira does not hide – it reveals.  
This is the era of faceless freedom. The era of Boyzueira.
